PROFESSIONAL SUMMARY

Mid-Level Frontend Developer with 6+ years of experience building responsive web interfaces using HTML, CSS, JavaScript, React, Next.js, WordPress, and Bootstrap. Experienced in e-commerce, logistics, seller/admin dashboards, and WordPress-based websites. Strong background in reusable components, API integration, and collaborating with designers and backend developers in remote environments.

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript, TypeScript, React, Next.js, React Native, Bootstrap, Tailwind CSS, jQuery
- CMS / Backend: WordPress, PHP
- APIs: REST, GraphQL
- Tools: Figma, Photoshop, Git, Jira, Google Docs, Google Sheets, Google Forms
- Other: Responsive UI, Reusable Components, Admin Panels, Seller Dashboards, API Integration

PROFESSIONAL EXPERIENCE

Frontend Developer | BSLA | March 2024 – May 2026

- Built and maintained frontend interfaces for e-commerce and logistics products serving the Afghanistan market.
- Developed 4sough.com with Next.js for an online marketplace with seller store management features.
- Worked on seller.4sough.com and admin.4sough.com using React for dashboard and workflow interfaces.
- Maintained qased.com in WordPress for a logistics and parcel delivery platform.
- Contributed to parcel.qasedexpress.com and admin.qasedexpress.com using React for operational admin flows.

Frontend Developer | MetaNext (Iran) | Dec 2023 – Feb 2024

- Worked on a Next.js frontend for a web product with responsive UI and reusable components.
- Translated design requirements into interactive pages and maintained scalable code.
- Collaborated with the team to improve UI consistency and frontend delivery.

React.js Junior & WordPress Developer | arvinvira (Iran) | Mar 2022 – Dec 2023

- Built frontend components and UI interfaces using React and JavaScript.
- Customized WordPress themes, plugins, and content-focused website sections.
- Gained experience in scalable component development, REST API integration, and clean code practices.
- Collaborated with developers to deliver maintainable frontend code across multiple projects.

WordPress & Web Design Developer | APPEKS (Iran) | Mar 2020 – Mar 2022

- Built and customized websites aligned with business and branding requirements.
- Developed responsive sections, styled pages, and basic WordPress themes.
- Supported website setup, layout improvements, and frontend consistency across client projects.

SELECTED PROJECTS

4sough.com | Next.js

- Built responsive pages and reusable UI sections for a multi-vendor e-commerce experience.
- Supported customer and seller workflows with scalable frontend structure.

seller.4sough.com / admin.4sough.com | React

- Developed seller and admin panel interfaces for store management and internal operations.

- Improved usability and maintainability through component-based development.

qased.com | WordPress

- Worked on the public web presence of a logistics and postal delivery service in Afghanistan.
- Improved content presentation and cross-device usability.

parcel.qasedexpress.com / admin.qasedexpress.com | React

- Contributed to parcel and admin panels for logistics workflows and operational tasks.
- Built interface components and structured flows for reliable daily use.

EDUCATION

B.Sc. in Engineering Physics | Khayyam University | Mashhad, Iran | 2013–2017
